SEASON OUTLOOK

VETERANS LOOK TO LEAD TERPS BACK TO FINAL FOUR

The return of eight starters, including three All-Americans, the experience of 11 upperclassmen, the addition of six newcomers and the collective motivation to win a national championship after reaching the NCAA Tournament semifinals for the second year in a row, all mean that 2005 is primed to be another fantastic season for head coach Missy Meharg's Maryland Terrapins.

"We're very experienced. It is an advantage to have predominantly upperclassmen on the squad," said Meharg. "It's an advantage because the leadership for those six freshmen and five sophomores will come from those seniors and juniors. They will have the biggest impact on the level of competition. We had outstanding individual development in the offseason, increased confidence and a tremendous amount of focus. They are behaving in championship mode."

The talent on this team is not limited to one position, as Maryland will be fielding an experienced core throughout the lineup. And with the six newcomers and two redshirt freshmen making their debuts this season, the Terrapin squad will be even stronger down the line.

Lauren Powley

Depth will be very important this year with the potential losses of All-American Lauren Powley and junior Kristina Edmonds. After participating as members of the United States Under-21 National Team during the summer, both could be asked to participate in the Junior World Cup in September at about the time when the ACC slate begins. But Coach Meharg is confident the Terps are well prepared.

"The depth on this team is fantastic," said Meharg. "Anytime you have 12 players – an entire starting lineup with your juniors and seniors – and then you add the excitement, youth and athleticism of the freshmen and sophomores, we will not be short on options this season."

Coach Meharg has been delighted not just by the development of the returning players, but also by the focus and heart the Terps have put into their training during the offseason.

"The goal is to consistently win the ACC and national titles. These women want to compete and choose to put themselves in other arenas of hockey. These actions make a coach feel comfortable as you put together a championship team."

ATTACK

While the starting forward line from a year ago returns intact, the Terps have to make up for the loss of two big offensive threats in Colleen Barbieri and Anja Boettcher. A 2002 first team All-American and the ACC's 2001 Rookie of the Year, Barbieri ended her career at Maryland ranked among the top 10 in career goals and points. In two seasons at College Park, Boettcher had a powerful shot while racking up 27 goals and 54 points. Nevertheless, returning in 2005 are seniors Tiffany Marsh and Jackie Ciconte, two of the top three scorers from last year.

Marsh led the squad with 34 points and was second with 13 goals, tallying career highs in both categories en route to NFHCA Mid-Atlantic All-Region honors for the second-straight year. Marsh, who is an All-America candidate, made a commitment to fitness and conditioning making her a strong All-Amercan candidate. Ciconte was an All-American in 2003 after posting 17 goals and last year was the third-leading scoring on the team. Despite battling back problems, she is a tenacious scorer and dangerous in front of the net.

Though not a forward, the team's leading goal scorer the last two seasons has been two-time first team All-American Paula Infante. Last year, she broke the NCAA single-game scoring record tallying five goals in Maryland first-round tournament win vs. Delaware and ended the season with a team-best 14 tallies as a midfielder. A Honda Sports Award finalist, Infante will move to a defensive-midfield role, the same position she played her freshman year when she scored 19 goals.

Tiffany Marsh

Becoming one of the top players in team history, three-time All-American Lauren Powley will once again be in the midfield for the Terps. Powley spent her summer with the top players in the country as a starter on the U.S. Under-21 team and the U.S. Senior National Team. A call to duty in September could see the Terps playing without Powley as she participates at the Junior World Cup with the U-21 squad. However, with the amount of depth on the squad, Maryland should be able to more than hold their own in her absence.

Coming off of a standout season where she was tabbed the ACC's Rookie of the Year, sophomore Janneke van Leeuwen looks to build on a solid foundation. A native of the Netherlands, she has become stronger, faster and quicker after being introduced to weight lifting and conditioning this spring. Along with her outstanding talent, van Leeuwen has also played a number of positions on the forward line and at midfield which could result in a dynamic season.

After sitting out last season because of a medical redshirt, senior Meredith Long returns for her final season. As a junior transfer in 2003, Long saw action in every game en route to the Terps' trip to the NCAA semifinals as a solid offensive replacement and is eager to step back on the field after the time off and make an impact.

Junior Emily Trycinski adds movement to the attack unit witt her speed and gained confidence over the spring.

Underclassmen forwards looking to get their feet wet are redshirt freshmen Katie Mockus and Kim Ziegler. Mockus is a gifted, natural forward from a powerhouse Shawnee High School program. She suffered a knee injury during her final semester in high school and spent last season rehabilitating. Ziegler is ready to contribute and spent the fall and spring practicing with the team. An intelligent player, she brings a lot of excitement to the forward line.

While the forward line will be loaded with talent and experience, the additions of Danielle Keeley and Sarah Scholl make the attacking unit even stronger. Keeley has incredible speed, can score and has the ability to find others in scoring position. An attacking wing, Scholl has great foot speed and endurance, never seeming to tire.

"Because of the speed and athleticism of Danielle and Sarah, both should fit right in to the team attacking philosophy of moving the ball, maintaining possession and creating goal-scoring opportunities," remarked Meharg.

With the team's new attacking style, the focus will not be on any one individual to finish, but for the unit to step up and take the open shots. Maryland will have to focus on finishing scoring opportunities. After posting three-goal games in seven of their first nine contests, the attack recorded just seven more games scoring at least three goals in the final 16. Despite drawing 9.5 penalty corners a game, the Terps' conversion rate was low and Meharg has worked with the squad to improve on that number.

DEFENSE

At the other end of the field, the Terps will also have to contend with a pair of significant losses in Sara Silvetti and Kristin Harris. Both were stalwarts in the backfield the last four years, starting nearly every game of their careers. During their tenure, the Terps reached the national semifinals three times and the NCAA title game once. Their careers culminated with All-American accolades and Senior All-Star selections in 2004.

Despite those losses, Maryland also returns two very capable defenders, who were starters in every game last season. Voted the team's captain for the upcoming season, fifth-year senior Emily Beach has stepped up to be the team's vocal leader and will be the backbone of the Terp defense. She had a solid year in 2004, earning Mid-Atlantic All-Region nods.

Junior Linzi Jones is another strong and dependable defender with a lot of talent and is always eager to improve. Despite entering her second season in a Terrapin uniform, she gained a tremendous amount of experience and confidence as a first-year starter last season.

Paula Infante

All-American Paula Infante makes the move back to the defense after spending last season in the midfield. Her position change will help fill the void left behind by the departures of Harris and Silvetti. Infante, who is one of the best in the country when moving the ball out of the backfield, should have no problem transitioning to the backfield as she was a first team All-American at the position two years ago.

Junior Kristina Edmonds is ready to step in and contribute full time. She has been tabbed one of the top junior players in the country, teaming up with fellow Terp Lauren Powley on the U.S. Under-21 team over the summer. She could be called to play in the Junior World Cup in the fall, as well. A physical defender who gives it her all when she steps onto the field, Edmonds started five games last year and played key minutes in the postseason.

Vying for playing time in the backfield will be sophomore Kendall Beveridge. The offseason has been a learning experience for the Maryland native, resulting in her improving her game.

Freshmen Ellen Ott, Louisa Powell and Susie Rowe will be looked to fill in should Edmonds participate in the Junior World Cup. Ott was an All-American as a high school senior and has good passing skills and can attack from the midfield, as well.

Powell hails from the same high school as senior Terrapin Emily Beach. Bethesda-Chevy Chase High won the Maryland State title three times during Powell's tenure, reaching the finals all four years. She will also compete for playing time as a defensive midfielder.

While only a freshman, Rowe brings a wealth of international experience, not only as a member of England's Junior National Field Hockey team, but also its Junior National Cricket squad. With her international background and innate field awareness, Rowe will compete for a starting job.

GOALKEEPING

"What most pleases us right now is our level of goaltending. At the end of the day, goalkeeping becomes the critical factor for teams competing for both the ACC and the NCAA Championships," said Meharg.

The improvements of goaltenders Kathryn Masson and Christina Restivo have made the defense even stronger than last year. The two have continued to develop through the spring and the competition between the two is at an all-time high.

Restivo earned a career-high 12 starts and posted four shutouts last year. A good communicator and very active between the posts, the experience has increased Restivo's level of confidence in the cage.

Masson also gained valuable game experience, making 11 starts last season, which also included postseason matches. After posting an overtime victory in the first meeting vs. the Blue Devils, she was selected National Rookie of the Week.

Alicia Grater will make the competition for the starting position even stronger. A participant in the U.S. Futures Program for five years, Grater could make an immediate impact.

SCHEDULE

The Terps jump right into the season facing three Big Ten teams in its first four games. Maryland returns to Northwestern for the first time since 2002 for the season opener on Aug. 27, then travels to Columbus, Ohio, to battle Ohio State (Aug. 29) and Ohio University (Aug. 30). The Terps open the home slate vs. NCAA Tournament-participant Michigan on Sept. 2.

On Sept. 4, Maryland opens the annual home-and-home series with Old Dominion in Norfolk, Va., while the Lady Monarchs travel up to College Park on Oct. 14.

The Terps take a break in the schedule and play an international exhibition match against the University of Durham from England. The game will serve as a tune up for the Terrapins as they possibly enter the next few games without Lauren Powley and Kristina Edmonds.

At the annual Terrapin Invitational, Maryland hosts local opponent American and West Coast foes Stanford and California, Sept. 10 and 11, before opening the conference slate traveling to Boston College on Sept. 17.

This season, the Atlantic Coast Conference welcomes Boston College as the sixth member of the league. Boasting four of the top teams in the nation, the ACC was already considered the top field hockey conference in the nation. The addition of the Eagles makes that title even harder to argue with.

"Adding BC to the conference is fantastic for the league," said Meharg. "It's great to have a more regional representation of ACC hockey. Boston College plays a tough brand of hockey and we're looking forward to having them join the ACC."

While in Massachusetts, the Terps will take advantage of battling 2004 Ivy League Champion Harvard on Sept. 18, before heading back home to begin a four-game homestand.

The homestand starts with the Terrapins hosting its second Ivy League opponent in Pennsylvania on Sept. 21. The teams have a long history but have not played since 1998.

Crucial back-to-back matches finds the Terps battling three-time NCAA Champion Wake Forest on Sept. 24 and ACC-foe Virginia on Oct. 1. The home stretch ends with Rutgers visiting the Field Hockey & Lacrosse Complex on Oct. 2.

A game in Durham, N.C., on Oct. 8 could be filled with drama. The Terps swept NCAA semifinalist Duke last season and the Blue Devils will be looking for revenge.

Games against Princeton, ODU and Delaware from Oct. 11-16 close out the regular-season home slate before the Terps hit the road for its final ACC contest at North Carolina on Oct. 23.

Maryland ends the regular season on Oct. 26, visiting American for the first time since 1993. Last season, AU picked up its first-ever victory in the 30-year series, but the Terps avenged that loss, topping the Eagles in the second round of the NCAA Tournament to advance to the semifinals.

With the addition of the BC, ACC squads will be competing for the league's first-ever automatic qualification into the NCAA Tournament at the annual conference championship which will be hosted in College Park in what will mark the completion of Phase II of the state-of-the-art Field Hockey & Lacrosse Complex in mid-September. The ACC Tournament could be considered an NCAA Tournament preview as at least three teams have vied for the national title since 1995, while BC has earned an NCAA Tournament berth in each of the last two years.

Sixteen of the nation's top teams will begin to compete for the national title beginning Nov. 12-13 and the Terrapins expect to be in the hunt, once again. The semifinals are slated for Nov. 18 with the championship game taking place on Nov. 20.

HEAD COACH MISSY MEHARG

18TH SEASON AT MARYLAND • DELAWARE '85

Entering her 18th season mentoring one of the top field hockey programs in the nation, Missy Meharg's Maryland Terrapins have had a firm grasp on national top five for at least a decade. Guiding a program with a rich winning tradition having captured three NCAA titles and advanced to the national semifinals 10 times, including five of the last six years, Meharg has not slowed in her efforts to lure top talent to College Park and mentor them to success.

Meharg could be thought of as a coach who has guided the Maryland field hockey program to two NCAA titles and eight NCAA semifinal appearances. She might be referred to as a leader who has won five Atlantic Coast Conference championships, directing the Terrapins to four-straight titles from 1998-2001. She may be recognized as a motivator who has been named the National Field Hockey Coaches Association National Coach of the Year four times, most recently in 2001. She might also be known as a mentor whose student-athletes have garnered 68 All-America citations on the field and 139 ACC Academic Honor Roll awards outside the lines. Further, she could be seen as an instructor who has developed 38 players who have competed internationally, including three players and who are currently playing at the highest level with the U.S. National team.

Though Meharg's numbers are extraordinary, Maryland's leader, now in her 18th season, is much more. As a serious educator through sport, Meharg recognizes the ability of athletic competition to teach life lessons. The mentor emphasizes the characteristics of sports that can be used as a vehicle to develop a meaningful life.

"Establishing a hard working, compassionate environment which assists to teach women in 'becoming' confident female leaders through their roles as a member of the Maryland field hockey team," says Meharg.

"Coaching with enthusiasm, building a community and establishing a mindset of service models the ultimate success."

Meharg has played an integral role in all three of Maryland's national championships. She was the head coach for the program's last two titles (1993 and 1999) and was an assistant coach during the Terps' first run to the national title (1987).

Accolades have come in the form of four NFHCA Coach of the Year awards (1991, 1993, 1999, 2001), four ACC Coach of the Year honors (1992, 1995, 1998, 2001) and eight Mid-Atlantic Regional Coach of the Year citations for Meharg. She enters the 2004 season 11th on the NCAA Division I all-time coaching victories list with 281 wins in her 17 seasons. Last year, Meharg guided a veteran squad to back-to-back NCAA Tournament semifinal appearances, a 10th-consecutive NCAA Tournament and the ACC Tournament finals. At season's end, four Terrapins were tabbed All-Americans.

During her tenure at Maryland, she has been involved in all facets of collegiate field hockey. She currently serves on the NCAA Mid-Atlantic Regional Advisory Committee. She has coached 38 players who have competed on the international level, including 15 that have represented the United States on the senior national team. In 1996, Meharg served as an assistant coach as former Terp All-American Kate Kauffman-Beach and the U.S. squad competed in the Olympic Games in Atlanta.

The Terps have been represented in the Olympics, the Pan American Games, the World Cup, the Olympic Qualifying Tournament and a host of other international competitions. In 2003, former Terp All-Americans Kauffman-Beach, Dina Rizzo and Keli Smith participated in the Pan American Games in August in Santo Domingo, Dominican Republic, as members of the U.S. National Team. Current All-American Paula Infante participated in the games as a member of the Chilean National Team. Kauffman-Beach, Rizzo and Smith also played integral roles in the U.S.'s disappointing sixth-place finish at the Olympic Qualifying Tournament in Auckland, New Zealand.

DID YOU KNOW?

- Since the NFHCA began recognizing the National Coach of the Year in 1990, Missy Meharg's four awards (1991,1993, 1999 and 2001) are the most for any coach at the college level.
- Leading the Terps to NCA titles in 1993 and 1999, Missy Meharg is one of just five coaches in Division I history to have won multiple national championships in field hockey, joining Beth Anders of Old Dominion (9), Karen Shelton of North Carolina (4), Jennifer Averill (3) and Diane Wright of Connecticut.

Meharg's collegiate playing career was nearly as successful as her coaching career is now. She was an All-America forward at the University of Delaware, where she also played lacrosse, from 1981-85. Meharg was a Honda Award nominee in field hockey in 1983, the same year she was named MVP of the East Coast Conference after leading her team in goals, assists and points. The Blue Hen hockey team reached the NCAA Championship semifinal round when she was a sophomore in 1982, and Meharg's lacrosse squad won the national championship the following spring.

Meharg enjoyed an impressive seven-year playing career with the U.S. National Team from 1985-91. During that time, she was a member of the 1986 World Cup team and an alternate to the 1987 Pan American and 1988 Olympic teams. She capped her playing career as a member of the 1991 Pan American team and the 1991 U.S. squad that unfortunately missed qualifying for the 1992 Olympics in Barcelona.

Meharg is an accomplished and experienced coach on the international stage. She was a member of the U.S. National Team's coaching staff from 1993-1997, which included her appearance in the 1996 Olympics, the 1994 World Cup in Dublin, Ireland, and the 1995 Pan American Games in Argentina. In 1994 and 1995 she served as the head coach for the U.S. Under-21 team. After a hiatus, she returned to the U.S. Field Hockey elite level program in 2004, coaching in both the senior and junior national team selection programs and is the head coach of the Maryland Elite Perfromance Center (EPTC) Thundersticks squad.

During her career, Meharg has been extensively involved with teaching in the U.S. Field Hockey Association Coaching Certification Program. She has completed two different certification programs, entitled "Olympic Solidarity" and "Preliminary Coaching," which are directed by the Federation of International Hockey (F.I.H.). Meharg enjoys doing color commentary work for television and has worked a variety of sports, including field hockey. She recently completed her third instructional field hockey coaching video with Championship Productions.

Meharg earned a bachelor's degree in health and physical education from Delaware in 1985 and her master's degree in sports psychology from Maryland in 1989. She is the mother of two sons: 14-year old Andre, who attends Archbishop Spalding, and 13-year old Eugene, who is a student at Severna Park Middle School in Severna Park, Md.

A native of the Netherlands, van Herwaarden brings extensive coaching experience and knowledge having served as an assistant coach, head coach and technical director at every level during the last 10 years.

"Tjerk is a fantastic hire for the program. He comes from a bloodline of hockey, being from Holland where they are the most progressive in the world in the sport," said Terrapin head coach Missy Meharg. "For us to be on the cutting edge, technically and in the intricacies of the game, is a big advantage to the women. Tjerk has done a lot of coaching of coaches in his country through the certification program. I know for the players, and certainly the coaching staff, he'll bring a lot of wonderful information about the game to Maryland."

Prior to coming to College Park, van Herwaarden had served as the head coach of the Gooische women's team 2nd Division in the Netherlands, which is considered to have the best field hockey competition in the world, since 2003. His main focus was on development of technical and tactical skills.

While with that team, he mentored some of the country's top field hockey players, who went on to win a silver medal at the Athens Olympics and are currently members of the National team.

Van Herwaarden has devoted much of his time teaching the sport of field hockey. He spent five years as a youth development coach for the KNHB, the Royal Dutch field hockey association, and was a coach conductor for the same organization, where he planned course programs and the educational structure for coursework related to field hockey.

2004 REVIEW NOTEBOOK

TERPS ADVANCE TO NCAA SEMIS

10-TIME NCAA SEMIFINALIST TERPS MAKE BACK-TO-BACK APPEARANCES

- The Terps made their 10th national semifinal appearance, earning back-to-back final four bids. Maryland not only had a talented core of six seniors, but also looked to an experienced roster which had nine players start at least 17 games in the previous season.
- Under the direction of head coach Missy Meharg, Maryland garnered a No. 2 national ranking at season's end, while also making its 10th-consecutive NCAA Tournament appearance and 18th national tournament showing overall. The Terps also reached the semifinal round for the fifth time in the last six years.
- Maryland played host to the first and second rounds of the NCAA Tournament, cruising past Delaware in the first round, 5-2. The Terps then avenged a mid-season loss, topping cross-town rival American, 2-0, to advance to the semifinals in Winston-Salem, N.C.
- For the second-straight year, **Paula Infante** was named to the All-NCAA Tournament team, becoming just the second Terp in school history to earn the honor twice.

FOUR TERPS SELECTED ALL-AMERICANS

- Four Terrapins were named All-Americans by the National Field Hockey Coaches Association, the most since 2000. **Lauren Powley** garnered her third-straight All-American citation, earning her second first team honor. She is the ninth Terrapin in school history to be named All-American three times.
- **Paula Infante** was a first-team selection for the second-consecutive year, despite a position move from defense to midfield. She led the team in goals scored for the second-straight season, notching 14.
- Seniors **Kristin Harris** and **Sara Silvetti** were tabbed All-Americans for the first time in their careers. Both four-year starters on defense and two-time co-captains, **Silvetti** earned a spot on the second team, while **Harris** was a third team honoree. Both were also selected to play in the NFHCA Senior North/South game which was played the weekend of the Final Four.

BARBIERI MOVES UP THE RANKS

- A 2002 NFHCA All-American and the 2001 ACC Rookie of the Year, **Colleen Barbieri** ended a successful career at Maryland as one of only eight players in school history to score 50 career goals. Tied for seventh on the all-time list, she tallied 51 goals in four years. Over her tenure, she also notched 119 points, good for 10th in the program's career annals.

TERPS MAKE RETURN TO ACC TITLE GAME

- After snapping a string of five-consecutive ACC Championship game appearances in 2003, the Terrapins made a return to the conference title game after defeating Duke, 3-2, in the semifinal game at Kentner Stadium in Winston-Salem, N.C.
- The Terps earned the No. 2 seed in the tournament after posting wins over the Blue Devils, 5-4 in overtime, and Virginia, 5-0, during the regular season. After a three-way tie between Duke and Wake Forest, Maryland received the second seed because of tie-breaker rules and eventually defeated Duke for a second time in 2004 to reach the championship game.
- The Terps have 17 ACC title game appearances overall, winning the conference crown five times.

INFANTE ETCHES NAME INTO NCAA RECORD BOOK

- **Paula Infante** has made onlookers notice her since arriving on campus in 2003, earning two-straight first team All-American nods and two-consecutive All-ACC honors. On Nov. 13, 2004, she made people notice her, once again. In Maryland's first-round NCAA Tournament game vs. No. 14 Delaware, she led the Terps to a 5-2 victory scoring all five of Maryland's goals, breaking the all-time NCAA Tournament single-game record. Her 10 points in the game also set a new NCAA single-game mark.

TERRAPINS FACE STIFF COMPETITION

- As is tradition, the Maryland Terrapins faced another grueling schedule in 2004. Of the 23 games the Terps competed in, 16 were against teams ranked in the final National Field Hockey Coaches Association's National top 20, including playing nine games vs. teams ranked among the top 10 and six games vs. teams among the top five.
- The ACC continues to solidify its place as the nation's top field hockey conference. All four ACC teams were ranked in the final top 10, while four were rated in the top five with North Carolina garnering the No. 1 ranking in the nation. Maryland was rated No. 2 in the final poll, followed by Wake Forest and Duke.

REGIONAL HONORS GIVEN TO SIX TERRAPINS

- Six Terrapins garnered Mid Atlantic All-Region honors in 2004, including four who earned first team nods.

2004 GAME RECAPS

GAME 1

BOSTON COLLEGE..... 2
MARYLAND ..... 3 (OT)
AUGUST 28, 2004

CAMBRIDGE, Mass. - In its first game of the 2004 season, Maryland earned a 3-2 overtime victory against Boston College at Jordan Field on the campus of Harvard University. The Terps moved to 1-0 to open the season, posting their eighth-consecutive, season-opening win, while the Eagles fell to 0-1.

Tiffany Marsh came up with the game-winning goal at 72:11 on a penalty corner after Boston College goalie Jillian Savoy was called for an intentional foul inside the circle. Savoy was given a yellow card and removed from the game. Not allowed to substitute into the game on a penalty corner, the Eagles were forced to use a kick-in-back to defend the corner. BC was unable to stop the Terp attack and Marsh scored her second goal of the day to win the game for Maryland.

Maryland trailed after the first half of play, 1-0, but did not waste any time getting on the board in the second half. Marsh scored an unassisted goal at 2:40 into the second half. The Eagles answered with a Sabrina Lazzari goal to hols on to a slim 2-1 lead late into the second half. The Terps would not be denied, however, as junior Jackie Ciconte put away a sophomore Paula Infante pass with less than three minutes left in the game, forcing the seven-on-seven 15-minute overtime period.

Terp goalkeeper Christina Restivo tallied one save and Maryland outshot the Eagles, 24-3. Marland also amassed a 14-1 penalty corner advantage.

AUGUST 29, 2004

BOSTON - Maryland used the first half against Boston University to decide the game, scoring two goals in the period and take a 2-0 win on at Jordan Field on the campus of Harvard University. The Terps open the season at 2-0 for the eighth-straight season.

The Terps outshot the Terriers (0-1), 28-3, and also held a decisive edge on penalty corners, earning nine to BU's one. All-American Lauren Powley gave Maryland a 1-0 lead, scoring on one of the team's nine corners with 12:39 remaining in the first half. Janneke van Leeuwen and Emily Boyer provided assists.

Colleen Barbieri added Maryland's second goal with just under five minutes left in the half, as she dribbled the ball into the circle and beat BU goalkeeper Erin Prediger, making the score, 2-0.

Prediger kept the Terriers within reach of the Terrapins, making 14 saves in the game. However, the Terps held on to their lead with a strong effort by the defense and did not allow a shot or a penalty corner to Boston University in the second half.

Maryland goalkeeper Christina Restivo had two stops in the win.

GAME 3

MARYLAND 6
OLD DOMINION 0
SEPTEMBER 4, 2004

COLLEGE PARK, Md. - Maryland scored five goals in the second half en route to a 6-0 thumping of Old Dominion to open the 2005 home slate. It is the most lopsided Terps victory in the series versus the Lady Monarchs.

"The quality of the second half is what we've been looking for. It was the most dynamic hockey we've played so far this season," said head coach Missy Meharg. "I'm pleased for all of our players. They played with a lot of energy and I'm proud of the intensity and spirit they had today."

The opening game of the home-and-home series, the Terps (3-0) were dominant throughout the game, attempting 27 shots on the afternoon. The Terrapin defense was just as good, limiting traditional powerhouse ODU (1-1) to just three shots and three penalty corners in the contest.

Maryland took a 1-0 lead eight minutes into the game. The Terps moved the ball down the left side of the field and Anja Boettcher made a long pass to All-American Paula Infante, who was on the base line. Infante then made a perfect cross to All-American Jackie Ciconte, who was standing directly in front of the net and Ciconte put the ball away for the score.

Despite the 12 first-half shots, UM could not extend its lead until the second half. Sara Silvetti tacked on another goal on a penalty corner in the 44th minute to make it 2-0. The Terps then fired off three-straight goals over six minutes to pull away and lead by a 5-0 margin. Infante scored on a one-timer at the top of the circle in the 56th minute. A minute later, Boettcher sailed a shot over the goalkeeper's shoulder to push the lead to 4-0. Lauren Foundos tapped in a rebound off a penalty corner for her first score of the season.

Maryland was awarded its ninth penalty corner with time expired and Silvetti capped off the game with the Terps' final score.

Old Dominion had a couple of one-on-one opportunities early in the second half. Christina Restivo, however, made a big save and a big stop which did not allow ODU to get a shot to off to protect the shutout.

ODU goalkeeper Mary Cate Gordon had seven saves in the game.

GAME 4

MARYLAND 7
DREXEL..... 1
SEPTEMBER 5, 2004

COLLEGE PARK, Md. - Anja Boettcher recorded her second-career hat trick, leading the Terrapins to a 7-1 win over Drexel to close out the weekend. With Saturday's thrilling victory over Old Dominion, Maryland outscored its opponents, 13-1, in the home-opening weekend to remain undefeated on the season at 4-0.

Maryland was efficient from the opening whistle, scoring three unanswered goals on its first three shots to take a commanding 3-0 lead in the first 6:10 of the game. Tiffany Marsh found Jackie Ciconte twice on two of the Terps' first three goals, first at 1:51 and then again at 6:10. In between Ciconte's scores, Kristin Harris tallied the eventual game-winning goal, sending a shot high past the Drexel goalkeeper for her first score of the season. Boettcher's first of three goals at 10:01 helped Maryland build its lead to 4-0.

Coming into the game, Maryland had not been scored on for almost 173 consecutive minutes, dating back to the overtime win vs. Boston College in the opening match of the season on Aug. 28. The Terps stretched that scoreless streak to 191 minutes until Elizabeth Seidel's goal at 18:18, also giving the Dragons their first score in the series. Drexel had been shut out in the three previous meetings.

The Terps went on to close the half with a 5-1 lead on a penalty-corner goal from Sara Silvetti.

In the second half, Boettcher scored two more times to complete the hat trick with assists from Emily Beach and Ciconte. Boettcher is also the last Terrapin to score a hat trick. She did so in the 7-0 victory at UMass last year.

Terrapin goalkeepers Christina Restivo and Kathryn Masson split time in the net, with Masson making her first-career appearance, logging 23 minutes and a save. Restivo also had a save.

Drexel netminders Katie Dougherty and Krystle Nagle spent equal time in the cage. Dougherty had eight saves, while Nagle made seven stops.

GAME 5

MARYLAND 6
MASSACHUSETTS..... 0
SEPTEMBER 11, 2004
TERRAPIN INVITATIONAL

COLLEGE PARK, Md. - Terrapins shut out its third opponent in four games, topping Massachusetts, 6-0, on the first day of the Terrapin Invitational. All-American Jackie Ciconte paced the Maryland attack with a pair of goals as five different Terps tallied in the win.

Maryland (5-0) had allowed just one goal since the season-opening game at Boston College when the Terps won, 3-2 in overtime, and have scored 21 goals during that span.

A 4-0 halftime deficit was too much for the Minutewomen (0-4) to overcome. Massachusetts had just two shots in the game, both coming in the first half from Jaime Bawden.

Tiffany Marsh gave Maryland a 1-0 lead at 3:49 when she deflected All-American Paula Infante's pass off the restart from the top right of the scoring circle. The Terps never looked back.

After a 16-minute scoring drought, Maryland rattled off back-to-back tallies from Sara Silvetti and Anja Boettcher, respectively, in the 21st and 23rd minutes to jump ahead, 3-0. Silvetti scored on one of Maryland's 12 penalty corners with assists coming from Emily Boyer and Janneke van Leeuwen.

Before time wound down for the break, Emily Trycinski muscled the ball from underneath UMass goalkeeper Christine Tocco and notched her first-career goal and Maryland claimed a 4-0 edge at the end of the half.

In the second period, Ciconte's back-to-back goals, just 15 seconds apart in the 48th minute, capped the scoring for the Terps, making the score 6-0. Her first score was a textbook give-and-go with All-American Lauren Powley in the circle. Despite being tripped up, Ciconte was on the winning end of a 1-v-1 with the goaltender for her second goal of the afternoon.

Maryland shelled the UMass netminders, making 28 shot attempts. Tocco had eight saves in the loss.

There was a special guest on the Terrapin sidelines this afternoon. The University's Senior Vice President for Academic Affairs and Provost William W. Destler was on hand at the match as Guest Coach.

NORTHWESTERN 0
SEPTEMBER 12, 2004
TERRAPIN INVITATIONAL

COLLEGE PARK, Md. - All-American Lauren Powley had a goal and an assist to lead Maryland to a 2-0 win over Northwestern on the second day of the Terrapin Invitational. The Terps have never lost in their home tournament, going 16-0 since the tournament began in 1996.

"I'm proud of the way we played today," said head coach Missy Meharg. "Northwestern is a very competitive team. What is glaring is that we didn't give up a shot or penalty corner. Northwestern was excellent and we did what we had to do to win."

Maryland (6-0) used goals from Tiffany Marsh and Powley to grab the win. Marsh scored the game-winning goal on a cross from Powley at 5:58 in the first half. Marsh has three game winners so far this season, the most on the team.

Powley gave the Terps a two-goal cushion at the 23:08 mark in the same period on a penalty corner. Emily Boyer and Janneke van Leeuwen assisted on the goal.

In the second half, the Terps continued to create scoring opportunities, but were not able to score. Wildcat goalkeeper Sherri-Anne Nyberg made six saves in the game, three in each half, to keep Maryland to two tallies. But the Terrapin defense was impenetrable as it has been all season, not allowing Northwestern (4-3) a shot or a penalty corner in the game.

Maryland had 16 shots in the game, the lowest shot total for the Terps this season. They also earned nine penalty corners.

The Terps played without Kristin Harris, who had played every game since arriving on campus in 2001. Having played in 75 career games while starting in 74, she sat out today's contest after an injury. She is listed as day-to-day.

"She's one of our captains and she has played every game," said Meharg of Harris. "We missed her today."

GAME 7

MARYLAND 6
TOWSON 0
SEPTEMBER 14, 2004

COLLEGE PARK, Md. - No. 2 Maryland scored three goals in each half to cruise to its third-straight shutout, 6-0, over Towson at the Field Hockey & Lacrosse Complex. Six different players contributed goals as the defense shut down the Tigers' attack. Maryland has never lost to Towson, improving its record in the series to 25-0-2.

For the second-consecutive game, the Terrapin (7-0) defense shut down the opposition's attack and did not allow a shot or a penalty corner. In the blanking of No. 19 Northwestern, the Terps shut out the Wildcats in both categories, as well. On the other end of the field, Maryland attempted a season-high 44 shots and was awarded 13 penalty corners.

The Terps' first goal came after a penalty corner in the eighth minute. Sara Silvetti scored on the rebound after Towson goalkeeper Christina Armer made a save on Paula Infante's penalty corner shot attempt.

Late in the first half, the Terps added two more tallies as rain moved in quickly and came down fast. Colleen Barbieri scored on an assist from Anja Boettcher at 30:57. A penalty shot was awarded to the Terps with less than two minutes to play in the period and Infante had no trouble giving Maryland the three-goal lead.

In the second half, Infante picked up an assist on All-American Jackie Ciconte's goal at 42:26. In the 53rd minute, Tiffany Marsh dribbled through the Tiger defenders to the left baseline and passed to the middle of the scoring circle where Janneke van Leeuwen was there to receive the pass and score her first-career goal.

Marsh was then on the receiving end of an Emily Beach pass and scored the Terps' sixth goal of the game less than a minute after assisting on van Leeuwen's tally.

Armer was impressive in the Towson net, making a career-high 26 saves. The Tigers (1-5) also stopped two other potential Maryland goals with defensive saves by Kelli Richards and Jess Auge.

Maryland has posted five shutouts in its last six games which leads the ACC.

GAME 8

PRINCETON 1
MARYLAND 7
SEPTEMBER 17, 2004

PRINCETON, N.J. - Second-ranked Maryland used five goals in the second half to pull away from a 2-1 halftime score and defeat Princeton, 7-1, at the Class of '52 Stadium. Terrapin All-American Paula Infante had a natural hat trick and goalkeeper Christina Restivo had a standout game to lead the Terps to the win.

The game was scoreless for more than 20 minutes of the first half but Maryland (8-0) got it going first, notching the first goal of the game. Janneke van Leeuwen was "in the right place at the right time" and knocked in a rebound to give the Terps a 1-0 lead.

Minutes later, Princeton (1-4) made a charge of its own getting three-straight shots, two off a penalty corner. But Maryland's Restivo was able to thwart away the threat, including a shot on the baseline, and protect the lead.

In the 28th minute, the Terps added to their advantage. A Tiger defender attempted to clear a ball from the scoring circle, however, All-American Jackie Ciconte intercepted it. The ball was passed around to Kristin Harris and then to Infante who powered a shot from the top of the circle and into the back of the net.

Facing a two-goal deficit, Princeton responded with about four minutes left in the period. One of the Tigers' two penalty corners in the half was all they needed to cut into the Maryland lead. In the 31st minute, Princeton's shot attempt on the corner was saved by Restivo but Hilary Schmidt was in front of the cage ready for the rebound and knocked it in for the score, making it 2-1.

The Terps, however, were even better in the second half, padding their lead by adding five goals in the period. Infante, who came into the game having scored just two goals on the season, completed the hat trick, tallying two more times on penalty corners to put Maryland ahead, 4-1.

Maryland was unstoppable on penalty corners, earning eight in the second half and 10 for the match. Van Leeuwen, who had scored her first-career goal in the game vs. Towson earlier in the week, got behind the Princeton goalkeeper, who saved the initial penalty corner shot attempt, and van Leeuwen knocked in the rebound for her second of the evening.

Tiffany Marsh pushed the Maryland lead to an insurmountable five goals on a penalty corner. Anja Boettcher wrapped things up with the Terps' seventh goal of the game on a pass from Colleen Barbieri with just 40 seconds left on the clock.

For most of the game, Princeton put a lot of pressure on the Maryland defense, attempting 14 shots, equaling the number of shots the Terps have allowed this season coming into the game. However, Restivo had a career outing making 11 saves, many of them diving shots.

Infante's hat trick was the first of her career. She is the second Terp this season to tally three times in a game. Boettcher accomplished that feat in the Terps 7-1 win over Drexel. Emily Beach also had a career-high three assists.

Powley picked up a rebound after a penalty corner and hit it into the net for the eventual game winner just 5:02 into the game.

Maryland (10-1), who has not been outshot by an opponent since the Terps' final game of the 2002 campaign, had 37 attempts versus Quinnipiac (2-7), led by Powley's career-high 10 attempts.

All-American Paula Infante cushioned the Terp advantage, dribbling into the scoring circle and smacking the ball by Bobcat goalkeeper Erin McKay in the 16th minute.

A minute into the second half, Quinnipiac drew a penalty corner and its only offensive threat of the game. But the Maryland defense broke up the play and did not allow the Bobcats to get a shot. It is the third time this season a Maryland opponent has been limited to zero shots for the contest.

MARYLAND 5
SEPTEMBER 25, 2004

CHARLOTTESVILLE, Va. • Sara Silvetti scored the deciding penalty corner goal just 9:20 into the game as third-ranked Maryland team defeated No. 13 Virginia, 5-0, at University Hall Turf Field for the Terps' first ACC win of the season.

Entering the game looking for its first conference victory, Maryland's offense, which is ranked third in the nation, was unyielding, keeping possession of the ball for most of the game. The defense was equally as good, smothering the Cavalier attack, which is ranked in the top 15 in the nation and has scored at least three goals in nine games this season. Virginia was shutout and limited to just four shots, two in each half.

The Maryland offense outran the UVA defense on many occasions, getting behind the defense and creating man-up situations and fastbreak opportunities several times. Tiffany Marsh's goal in the 17th minute, which gave the Terps a 2-0 lead, was a 3-v-1 in Maryland's favor.

All-American Jackie Ciconte was open on the baseline after a Maryland penalty corner opportunity and deflected fellow All-American Lauren Powley's shot attempt into the net.

With the Terps leading 3-0 at the break, Powley carried the ball most of the way down the field before passing it to a cutting Paula Infante, who scored less than five minutes into the second half, giving Maryland the 4-0 lead.

Later in the match, Colleen Barbieri became only the eighth player in school history to score 50 career goals, slamming the ball into the back of the cage on the fastbreak for the Terps' fifth goal of the afternoon.

Powley tied a career high with three assists. goaltender Christina Restivo and the Terrapin defense posted its seventh shutout of the season. It is the ninth time this season a Maryland opponent has been limited to four shots or fewer.

The dominating performance by the Maryland offense resulted in 33 shots, 19 coming in the first half. The Terps also outcornered UVA, 7-1.

Virginia's goalkeepers Katherine Blair and Logan Carr combined for 18 saves in the loss.

With the win, the Terps improved to 11-1 overall and 1-1 in the ACC. Virginia falls to .500 with a 6-6 mark, having lost its last three games, and is also winless in conference play, 0-2.

AMERICAN..... 3
OCTOBER 3, 2004

COLLEGE PARK, Md. • No. 3 Maryland was upset, falling to No. 9 American, 3-1, at the Field Hockey & Lacrosse Complex. Tiffany Marsh scored the Terps' lone goal. The win marks the first victory for the Eagles in the 30-year history of the series.

Maryland (11-2) had a 1-0 lead at halftime, the first time the Terps had lost a game when claiming the lead at the break. Marsh's goal was off a rebound at 9:46 into the game, her team-leading 10th tally of the season.

Despite the Terps' 25 shots, Maryland had trouble scoring American goalkeeper Allison Fayfich had 11 saves. The Terrapins also had 15 penalty corners while the Eagles (10-2) had four.

Even though American had few opportunities, it made the most of them, scoring three goals in the second half while continuing to put the pressure on the Terps. AU's Heidi Hershberger tapped in a rebound after a penalty corner at 49:40 to tie the game. Camila Infante, the younger sister of Maryland's Paula Infante, dribbled the ball down the left sideline, drove across the baseline and flicked in a shot over a diving Maryland goalkeeper Christina Restivo for the eventual game-winning goal at 60:49. Hershberger gave the Eagles a two-goal lead at 63:07 on a pass from Maureen Daniel on a penalty corner.

Facing a two-goal deficit, the Terps continued to attack in the final minutes but ran out of time.

"I'm disappointed by the result, but my team worked really hard today and I'm very proud of them," said head coach Missy Meharg "We have to work more in the area of goal scoring and we have to stay positive. American is a very good squad."

The series dates back to 1974 when the Terps defeated the Eagles, 9-0, on Oct. 3. Sunday's game was also the first time both teams were ranked in the top 10 at the time of the meeting.

MARYLAND ..... 5 (OT)
DUKE..... 4
OCTOBER 9, 2004

COLLEGE PARK, Md. • All-American Jackie Ciconte scored on her own rebound in overtime, lifting fifth-ranked Maryland over fourth-ranked Duke, 5-4, in a pivotal ACC clash at the Field Hockey & Lacrosse Complex. With the win, the Terps stand alone in second place in the ACC at 2-1, while the Blue Devils fall into a third-place tie with Wake Forest with a 1-2 record

"I'm proud of the team's mental vigilance coming off of a disappointing loss [to American]. This game could have gone either way," said head coach Missy Meharg. "I'm proud of their mental toughness and I'm proud of their fight."

With two of the top five teams in the nation battling it out for positioning in the conference standings, the game featured nine goals, three penalty shots, 21 penalty corners, 51 shots, an extra 13 minutes and 20 seconds of action and a lot of excitement.

The last time these two teams met was in the 2003 NCAA Tournament semifinals when Duke got the better of the Terps, 4-2 Maryland (12-2, 2-1 ACC) had been waiting a long time to avenge that loss.

All-American Paula Infante gave the Terps their first lead, converting a penalty shot at 15:11 in the first half. But Duke (9-3, 1-2 ACC) evened the score, 1-1, just before the end of the period on a penalty corner goal by Gracie Sorbello.

The statistics at the break were almost equal, with Duke holding the slight edge in shots, 9-8, and Maryland outcornered the Blue Devils, 5-3. Maryland goaltender Kathryn Masson put together a solid first half, making three saves in the period.

The Terps came out firing in the second period, reclaiming the lead at 38:25 as Infante moved along the top side of the scoring circle to the left and sailed a shot past the goalie, making the score, 2-1. Ciconte batted in a rebound in the 46th minute to put Maryland out in front, 3-1.

Duke's Amy Stopford put her team within a tally when she scored in the 52nd minute, but Maryland Colleen Barbieri responded eight minutes later to give the Terps a two-goal cushion with a shot from the baseline, 4-2.

Back-to-back penalty shots were called in Duke's favor, however, the first at 60:18 followed by another at 63:48, allowing the Blue Devils to knot the score at 4-4 and send the game into overtime. Johanna Bischof and Stopford each converted a penalty shot for Duke.

The Terps had to fend off 10 Duke penalty-corner opportunities in the period, while earning just two to make it to the overtime. Masson continued to step up in key moments of the game, making five saves in the second half and a number of defensive clears on breakaways.

Looking for the golden goal in the extra period as just seven players are on the field for each side, Maryland created the most opportunities. Many were man-up breakaways which were thwarted by Duke keeper Christy Morgan. In the game's final play, Ciconte received a pass from the baseline in front of the goal. Morgan made the save, however, Ciconte answered with the putback to give Maryland its 12th-straight win over the Blue Devils in College Park. Duke has never recorded a road victory against the Terps.

The Terps were outshot for the first time since the 2002 season, as Duke had 28 attempts while Maryland had 23. Masson ended the game with a career-high nine saves and Duke goalie Morgan had six.

OCTOBER 15, 2004

NORFOLK, Va. • No. 4 Maryland was edged by No. 8 Old Dominion in overtime, 2-1, at Foreman Field despite dominating the Lady Monarchs on the Terps' offensive end of the field. The teams split the regular-season home-and-home series which began 1999.

In what would turn out to be a disappointing loss, the Terps (12-3) had control of the game from the start, drawing three penalty corners in the first 13 minutes of the game. Maryland would out-corner the Lady Monarchs (10-3), 8-1, in the match.

ODU's only corner came in the first half and resulted in its only shot of the period. Jannelle Engle took the shot which Maryland goalkeeper Kathryn Masson was able to slow down, but Sara Silvetti made the big defensive save on the goal line to keep the game scoreless.

The Terps broke through in the 32nd minute and took a 1-0 lead. Emily Beach's shot was saved, however, Tiffany Marsh tipped in the rebound for the game's first goal.

Hanging on to a 1-0 advantage, ODU almost evened the score just over two minutes into the second period, but the shot went inches wide and past an outstretched Masson.

In the 47th minute, Maryland fired off back-to-back shots from inside the circle, but Lady Monarchs keeper Mary Cate Gordon made

saves on both shots to keep the Terps at bay. Gordon had nine saves for the game.

Old Dominion's Dana Sensening was opportunistic on a scramble in front of the cage, knocking in the equalizer at 57:19.

With less than 30 seconds remaining in regulation, the Terps made a final push to score the game winning goal, making two final shot attempts. One of those attempts hit the post, sending the game into overtime.

Maryland was facing its second-straight overtime game and it did not take ODU long in the extra period to tally the game winner. Sensening broke free of a Maryland defender down the right sideline and scored on the fastbreak to upset the Terps.

GAME 16

MICHIGAN 1
MARYLAND 4
OCTOBER 16, 2004

ANN ARBOR, Mich. - Fourth-ranked Maryland won its final road contest of the regular season, claiming a 4-1 victory over No. 10 Michigan at Ocker Field. Janneke van Leeuwen collected five points on two goals and an assist to lead Maryland to the victory.

Making its first-ever trip to Ann Arbor, Mich., Maryland (13-3) was looking to bounce back from a disappointing 2-1 overtime loss to No. 8 Old Dominion. The Wolverines (11-5), on the other hand, were looking to knock off their second-straight, top-five opponent after a 1-0 upset win over No. 3 Michigan State in overtime the day before.

Penalty corners were the key factor in the game as all five goals were a result of one. The Terps held a 7-6 edge in that category.

The Terrapins struck first in the game. Van Leeuwen knocked in a rebound from a penalty corner shot, giving Maryland the 1-0 lead at 7:32.

A Michigan corner in the 16th minute evened the score, 1-1. Adrienne Hortillosa's penalty corner shot down the center of the circle was deflected high into the cage by Katie Morris.

But Maryland quickly responded two minutes later, reclaiming the lead, 2-1, and never looked back. The goal was almost a carbon copy of the Wolverine's tally with Anja Boettcher redirecting All-American Lauren Powley's shot into the high, left corner of the net.

Sara Silvetti's direct hit on a penalty corner put the Terps ahead, 3-1, at 27:46. Van Leeuwen and Emily Boyer recorded assists. Maryland would hold on to that lead until halftime.

The Terrapins added to their lead 15 minutes into the second period. Van Leeuwen was as opportunistic as she was on her first tally, collecting the rebound on the penalty corner shot and firing a shot past the goalkeeper for the Terps fourth goal of the contest.

Maryland goalkeeper Kathryn Masson had another solid game making seven saves, two off her career high.

Silvetti had a defensive save for the second-consecutive game.

NORTH CAROLINA . . . . 2 (OT)
OCTOBER 23, 2004

COLLEGE PARK, Md. - The fourth-ranked Terrapins fell to No. 2 North Carolina, 2-1, in overtime at the Field Hockey & Lacrosse Complex. Kathryn Masson made critical saves to keep the game tight, recording five overall.

The Tar Heels clinch the ACC regular season title and the top seed in the conference tournament. Maryland is currently alone in second place with just two games remaining in the league schedule.

"The team put up their best fight against a really good Carolina team and I'm totally impressed with them," said head coach Missy Meharg of her squad. "It was a great game. [UNC] is the best team we've played all year."

With the ACC regular season title at stake, it was a tightly contested match as two of the top four teams in the nation squared off. The Tar Heels held only a 14-11 shot advantage in the contest.

Maryland (13-4, 2-2 ACC) claimed the game's first lead. Janneke van Leeuwen drove into the circle and passed off to Tiffany Marsh, who scored her 12th goal of the season at 23:37.

UNC (17-1, 4-0 ACC) had an opportunity to tie the score at the end of the period, earning a penalty corner as the clock wound down to zero. However, the Terp defense thwarted the opportunity and Maryland held on for the one-goal lead at the break.

The Heels took advantage of the seven penalty corners they earned, scoring early in the second half, tying the game at 1-1 at 40:10. Kerry Falgowski deflected Carey Fetting-Smith's penalty corner shot into the net for the equalizer.

Masson made four of her five saves in the second half. At one point, North Carolina fired off three-straight shot attempts but could not get past Masson who came up with two big stops while the third shot went wide to keep the score even.

Playing in its third overtime in four games, Maryland garnered a penalty corner halfway into the first extra period, but could not convert on the opportunity. With just over three minutes remaining, the Tar Heels were awarded their final penalty corner of the game and Laura Douglas took the shot and scored, ending the game and giving UNC the regular season crown.

OCTOBER 29, 2004

COLLEGE PARK, Md. - James Madison gave No. 4 Maryland a scare, forcing an overtime, but the Terps pulled through in the extra period, coming away with a 1-0 victory over the visiting Dukes at the Field Hockey & Lacrosse Complex in their regular-season finale.

The evening also marked the final regular season home game for six seniors. Terrapins Colleen Barbieri, Anja Boettcher, Emily Boyer, Kristin Harris, Kerry Hearsey and Sara Silvetti were honored in a pre-game ceremony prior to the start of the match.

"I'm so proud of the seniors. They're a great group," said Terrapin field hockey coach Missy Meharg. "Four years goes by so fast. These parents have also been great. They have been very supportive of the staff and the University."

Maryland (14-4) dominated the game, attempting 27 shots and earning 17 penalty corners. But JMU goalkeepers Lori Amico and Merel Broekhuizen combined for 13 saves to keep the game scoreless until the Terps' goal in overtime.

The Dukes (4-15), on the other hand, had few opportunities as the Terrapin defense allowed just one shot and did not give up a penalty corner.

Almost four minutes into the overtime, junior All-American Lauren Powley took off on a breakaway and got around a defender, dumped a pass to redshirt junior Emily Beach who finished off the play with a goal to end the game.

Four of the Terps' last five games have been decided in overtime, while playing in five overall. They are 3-2 in those matches this season.

DELAWARE 2
NOVEMBER 13, 2004
NCAA TOURNAMENT 1ST RND

COLLEGE PARK, Md. - Maryland sophomore Paula Infante scored an NCAA Championship-record five goals, leading the third-seeded and second-ranked Terrapins to a 5-2 win over No. 14 Delaware in the first round of the NCAA Tournament at the Field Hockey & Lacrosse Complex. Infante's 10 points are also an NCAA Tournament single-game record.

Named to the All-ACC team for the second-straight year last week, Infante topped the previous record of four goals which had occurred six times in the 23-year history of the NCAA Tournament. The five tallies also ties a school record which was set by Judy Dougherty in 1980. The 10 points also bests the NCAA Tournament record which was nine.

Earlier in the season, the Terps (16-5) needed three late goals to claim a 4-3 victory over Delaware (15-7) in Newark, Del. In the first half of this game, the teams were evenly matched with Maryland, who advances to the second round of the tournament for the 10th-consecutive year and 15th time in school history, holding the slight edge in shots at 6-4.

The Blue Hens, who were making their first trip to the postseason tournament since 1988, scored the first goal of the game in the 13th minute on a goal from Amanda Warrington. However, Infante's goal evened the score in the 20th minute. At 31:15, Infante's shot from the top of the circle put the Terps ahead for the first time, 2-1, and held on until halftime.

Coming out of the break, the Terps were in complete control. The shot margin was 13-1 in the second period. While the Blue Hen's goalkeeper Megan Allen made six saves, she could not stop three-straight Infante tallies over the next 15 minutes as Maryland jumped ahead with a commanding 5-1 lead.

With just over a minute left to play in the game, Erica LaBar added another goal for the Blue Hens but it was not enough as Maryland moved on in the tournament.

WAKE FOREST 3
NOVEMBER 19, 2004
NCAA TOURNAMENT SEMIS

WINSTON-SALEM, N.C. - Second-ranked Maryland fell to host Wake Forest, 3-0, in the semifinals of the NCAA Tournament at Kentner Stadium. The Terps, who were making their fifth semifinal appearance in six years, end their season at 17-6.

Despite the score, the game was a hard-fought battle.

Both teams were relentless defensively for the first 29 minutes of the game. The teams moved up and down the field but neither could get a shot attempt until almost six minutes remaining in the half. Maryland's Paula Infante broke through for the game's first shot but went wide.

A minute later, Wake Forest (19-3) earned a penalty corner and jumped on the rare opportunity as Lauren Crandall converted on the attempt, giving WFU a 1-0 lead with 4:59 left before the break. Maeke Boreel and Claire Laubach recorded assists on the play.

A minute later, the Deacons drew another penalty corner opening up an opportunity to add to the lead. Wake fired off back-to-back but the first was blocked by Maryland defender and second went wide and the score remained at 1-0.

With just under two minutes to play in the period, Boreel sailed a pass into the circle from the wing on the fastbreak and connected with Kelly Dostal, who dove and deflected the shot into the net putting WFU up, 2-0.

After the break, the teams continued to be evenly matched, but the Deacons were opportunistic, drawing four penalty corners in the second period. On one of the attempts, Dostal's low shot from the baseline was saved by goalkeeper Kathryn Masson. But the save bounced high in front of the net, hitting the crossbar. The ball came down in front of the Deacon's Tamar Meijer who batted it in from the goal line, giving Wake Forest a 3-0 lead in the 49th minute.

The next three Wake Forest corners came over a one minute, 10 second span beginning at 50:09. On the third corner, Dostal fired a shot straight on from the top of the circle and Masson made the big stop.

The Terps' first penalty corner was with just over five minutes left in the contest. Maryland was able to get off a pair of shots, but WFU goalkeeper Kristina Gagliardi made a save on each attempt to preserve to shutout.

The defensive clash continued until the final whistle as the Deacons earned the win and move on to the championship game.

It is the first time this season Maryland has been shutout in a game. Masson, who was making her first appearance in the NCAA semifinals, posted four saves in the game.

MARYLAND
"STRIVE FOR CLARITY, BUT ACCEPT AND UNDERSTAND AMBIGUITY."
That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Thirteen years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.
Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."
As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions and accept ambiguity."
AND WE ALSO HOPE YOU ENJOY THE JOURNEY.

THE UNIVERSITY OF MARYLAND

THE CAMPUS

By virtually every measure of quality, the University of Maryland has gained national recognition as one of the fastest-rising comprehensive research institutions in the country. The momentum of recent years has poised the university to move it into the top ranks of higher education and take leadership in shaping the research university of the 21st century.

The university has enjoyed a decade of momentum in all of the areas that affect quality. The average high school GPA of entering students has zoomed from 3.01 to nearly 3.90, and the average SATs are now more than 1270. The student body is a model of diversity, with minorities making up more than 32 percent of all students, and at least one graduate and undergraduate student from every state in the nation.

The university has 67 graduate and undergraduate programs ranked in the Top 25 by *U.S. News and World Report*, up from just one program in 1991.

Sponsored research and outreach has nearly tripled in the same 10-year period, exceeding $350 million last year. Private giving also has increased, and the university last year concluded its first campaign by topping its $350 million goal by more than $100 million. Alumni Association membership has been growing at an average rate of 10 percent a year since 1992.

One of the largest research universities in the United States, Fall 2002 enrollment was 25,240 undergraduate and 9,561 graduate students. There are 94 undergraduate programs, 89 master's programs, 70 doctoral programs and one first professional degree program. More than 100 centers and institutes are engaged in research and outreach.

Faculty at the University of Maryland, in all fields of knowledge, are engaged at the highest levels of national and international concern. The university's location near the center of federal policy-making and international political and economic activity enables it to play an active role in research and analysis of public policy.

Maryland is one of 30 public universities in the prestigious 63-member Association of American Universities and the only public institution in the Maryland-D.C. area with membership in the nation's most distinguished honor society, Phi Beta Kappa.

DID YOU KNOW?

In 1991, Maryland had one program listed among Top 25 entrants in the U.S. News & World Report Rankings. Maryland now has 67 programs ranked among the nation's elite, and the university is ranked 18th nationally among public universities.

A report card published in Technology Review rated the top U.S. universities in their quest for intellectual property, commercial partners and profits. Johns Hopkins University and the University of Maryland (28th) were the Mid-Atlantic (Delaware, Maryland, Virginia, District of Columbia) schools to make the "campus patenting" top 50 list.

Black Issues In Higher Education ranked the university fourth nationally in bachelor's degrees earned by African-American students at traditionally white schools. Maryland ranks first in African-American undergraduate degrees in social sciences and history.

The Wall Street Journal ranked the Robert H. Smith School of Business No. 16 among the world's business schools. Maryland is the top-ranked school in the Mid-Atlantic region (Delaware, Maryland, District of Columbia, Virginia). The Financial Times of London ranked the Robert H. Smith School of Business No. 8 in information technology, No. 6 in faculty research and No. 7 in entrepreneurship.

In the only undergraduate program rankings released by U.S. News & World Report–business and engineering–both the Robert H. Smith School of Business (No. 18) and A. James Clark School of Engineering (No. 24) were ranked among the top 25. The university also ranked in the top 25 for its learning communities (3rd), first-year experience (12th) and service learning programs (24th).

DR. C.D. MOTE

UNIVERSITY PRESIDENT
CALIFORNIA '59
SEVENTH YEAR

As the 19th president of the University of Maryland, C. D. "Dan" Mote Jr. has presided since 1998 over a university that is claiming a well-earned position in the top echelon of research universities in the nation. An internationally-respected researcher and member of the National Academy of Engineering, Dr. Mote is Glenn L. Martin Institute Professor of Engineering. He serves on the Technology Council of Maryland, is co-chair of the Potomac Conference of the Greater Washington Board of Trade and heads its Technology Transfer Committee.

Under President Mote's leadership, Maryland has received national and international notice for innovative undergraduate education opportunities, high-impact research and academic programs, outstanding performing arts, and athletes and athletic teams competitive with the best in the nation.

"The future of the state depends on this university," says Mote. "It is the State of Maryland's most important asset." As president, Dan Mote has been determined to make that asset even greater by nourishing a culture of excellence and civility across the campus, strengthening the university's connections with its various stakeholders, building partnerships with State and national corporations and federal agencies and achieving distinction as an institution where discovery takes place every day and everywhere. The university's progress can be seen in all areas, from its nationally-ranked programs to its success in building external partnerships to its state-of-the-art facilities.

QUALITY PROGRAMS

Over the past decade, the quality of Maryland's programs and reputation has climbed steadily. In 2003, the University of Maryland moved up to 17th place among public universities in U.S. News & World Report rankings, up from 30th in 1998. We currently have 44 graduate and undergraduate programs and units ranked in the top 15 by *U.S. News & World Report*, up from 5 in 1995.

While our academic successes have spread across the board, the university has emerged as a true powerhouse in business, computer science, earth sciences, engineering, environmental policy, education and journalism. Maryland is one of only 10 public and private universities that have their programs in computer science, mathematics, physics, and engineering each ranked in the top 20. Our College of Education is ranked in the top 20 nationally and 5 of its programs are in the top 10.

ATHLETIC EXCELLENCE

Mote sees athletics as an integral part of the university experience. Indeed athletic success more often than not reflects academic success, he notes. For example, all four of the teams that played in the 2002 NCAA basketball Final Four, including Maryland, are members of the prestigious Association of American Universities, the organization that comprises the leading research and academic universities in North America. "That's no accident," Mote says. "Institutions that are committed to excellence tend to be excellent in every endeavor. Our successes in football, basketball, lacrosse and other sports reflects our culture of quality as much as our successes in engineering, business, education and journalism."

FACULTY STATURE

Dr. Mote believes a university's quality is built by its faculty, and under his leadership, Maryland continues to attract the best faculty available. The university recruited a Nobel Laureate in Physics in 2001 and three more Pulitzer Prize winners (to join three already on the faculty). More than 30 of our faculty are members of the national academies, the highest professional recognition attainable.

DEBORAH A. YOW

ATHLETICS DIRECTOR • 12TH YEAR AT MARYLAND

Deborah A. Yow is in the 11th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. Each year has brought about continued improvement and accomplishment in Terrapin athletics. In Yow's 10 years at Maryland, the Terrapins have won a remarkable ***nine NCAA national championships*** and ***graduated its student athletes at an enviable rate*** as Maryland athletics has soared to sustained new heights.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of ***excellence***, ***teamwork*** and ***accountability***.

Likewise, her election to the presidency of the National Association of Collegiate Directors of Athletics four years ago is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada. She was singled out by *Street and Smith's Sports Business Journal* as one of the leading administrators in the U.S. and she received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She has served as the chair of the Atlantic Coast Conference Committee on Television for 2003 through 2004. The committee, comprised of the ACC's athletics directors, is charged with overseeing the league's TV contracts and dealing with issues related to television. Yow led the committee during the recent, very successful renegotiation of comprehensive, multiyear ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities. Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the *Street and Smith's Sports Business Journal* "National Forum on the Direction of Intercollegiate Athletics." She was also recently inducted into the State of Maryland Women's Hall of Fame.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization.
- Balanced all 10 of the department's annual budgets (the first balanced budgets in the 10 years prior to her arrival). The budget has now reached $43 million annually and the multi-million dollar accumulated operating debt which her administration inherited has been eradicated.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student athletes at Maryland.
- Led the Terrapins to a national all-sports ranking in the upper 10 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 27 teams. The Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the dramatic upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:

- Maryland was selected by *U.S. News & World Report* as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team has appeared in the last 11 consecutive NCAA Tournaments, one of only five programs to do so.
- Women's basketball also won its way to the NCAA Tournament in 2004, advancing to the Second Round.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and playe in the 2002 Orange Bowl, and followed with an 11-win season and a 30-3 victory ove the University of Tennessee in the Peach Bowl, again followed by a 10-win seaso and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. Additionally, Maryland is one of only six universities to win a National Championship i both basketball and football (UCLA, Michigan, Michigan State, Syracuse, Ohio Stat and Maryland).
- Maryland was selected as the sixth-finest athletic program in the nation by th Laboratory for the Study of Intercollegiate Athletics, based on criteria such as graduatio rates, financial efficiency, equity effectiveness and competitive excellence.
- Hired the Associated Press National Coach of the Year, Brenda Frese, as the ne women's basketball coach. In her second season at the helm, her team drew 13,25 to a regular-season game and advanced to the NCAA Tournament.
- Hired Dave Cottle, the third-winningest active men's lacrosse coach in the U.S., wh guided his team to the NCAA Final Four in his second year.
- Field Hockey played for the National Championship in 2001 and continues to be Final Four team.
- Women's Lacrosse has continued its winning ways with seven national championship from 1995-2001, with additional Final Four appearances.
- Football facilities have been significantly enhanced with team house, stadium an practice field upgrades.
- The Terrapins moved into the new $125 million Comcast Center, housing athleti department offices and seating for 18,000 fans for basketball and other events.
- In 2003-04, 12 Maryland teams competed in NCAA postseason play, which earne Maryland a place in the Top 25 national rankings in the USSA Directors' Cup fo competitive excellence.
- The productivity, morale, and the competitive and academic achievement of Terrapi athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 10 years, Yow says ***"We are pleased, but we are not satisfied... our vision is to be one of the Top 5 program in the nation consistently... we see no reason to settle for less."***

Yow is known for her goal-oriented and proactive management style. She consistentl inspires and challenges those around her to ***"raise our sights and sharpen our tools... t work hard and smart... to recognize that our only limitations are those that we plac upon ourselves."***

As a manager and a leader, she clearly models these principles. She is the only know current AD in NCAA Division I who has hired both the National Coach of the Year in footba (while at Maryland) and the National Coach of the Year in men's basketball (while at Sain Louis University). Yow is known as "a coach's AD," while also being highly organized and strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies th relational and management dynamics that are necessary to be an excellent administrator.

A successful former coach at the University of Kentucky and University of Florida, sh moved into athletics administration at the University of Florida and the University of Nort Carolina, Greensboro, followed by a successful tenure as AD at Saint Louis University.

She has authored numerous articles and books on athletics management and huma behavior, and is a respected leader in intercollegiate athletics in the United States.

Reflecting on the status of the Terrapin men's basketball program, Maryland's Directo of Athletics points out, "Our men's basketball team has become one of America's premie collegiate programs under the leadership of Coach Gary Williams and his staff. We are on of only five institutions to advance to the NCAA postseason tournament in each of the las 11 years, and the only team in the ACC to do so."

Summing up the entire athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It i because of their courage, hard work and cooperative spirit that we now have a strong, viabl athletic program. I am immensely proud of each of them. I am equally proud of our Terrapi fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athleti program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered mindset of excellence across our institution. He is a strong and balanced advocate for wha he calls "the three A's of the University —Academics, the Arts and Athletics'. We have great Terrapin family. That's the foundation for all of our success… and the basis for our brigh future. It's a great time to be a Terp."

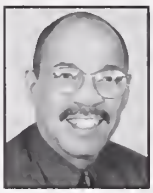
ACADEMIC SUPPORT AND CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.



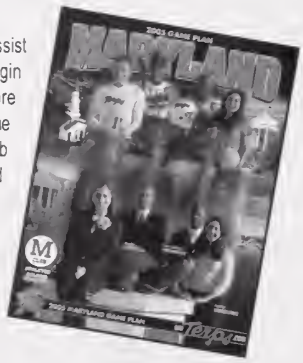
Led by assistant athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Don Pearman** (right) works with the field hockey team.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for six professional academic counselors, a director of ILP programs, an assistant program coordinator and two graduate assistants. In addition, a new academic wing was added to the Gossett football team house last Fall. It features offices for two counselors, three learning specialist, and a graduate assistant; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN



The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume-writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COUNCIL

The Student-Athlete Advisory Council (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA's (National Collegiate Athletic Association) Challenging Athletes' Minds for Personal Success (C.H.A.M.P.S.) Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

HIGHLIGHTS OF THE CHAMPS/LIFE SKILLS PROGRAMS:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/LIFE SKILLS PROGRAMS COMMITMENT STATEMENTS

Commitment to Academic Excellence To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workship" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

FIELD HOCKEY SUPERVISOR

TROY TUCKER
ASSOCIATE AD/ADMIN.

Troy Tucker is entering his second year at Maryland as an Associate Athletics Director after spending five years as a Director of Athletics at Herkimer County Community College.

During his tenure at Herkimer from 1999-2004, Tucker operated the 21-sport, nationally competitive program with a balanced budget. He also oversaw the renovations of nine different facilities. Under Tucker's direction, Herkimer earned three-consecutive top-10 finishes in the Region III Director's Cup and finished 2003-04 ranked fifth among junior college athletic program's in the nation by NATYCAA Pepsi Cup. Three teams won five NJCAA National Championships and four won 13 regional titles. His teams also earne eight NJCAA Academic Team of the Year awards with the women's swimming & diving squad garnering the honor three times.

Prior to his tenure at Herkimer, Tucker was the Director of Athletics at D'Youville College in Buffalo, N.Y., from 1996-99. While there, he headed the expansion of the athletics program from three to 11 teams and was named National Ahletic Director of the Year in 1998. At his arrival, Tucker also oversaw the department's move to NCAA Division III status.

While serving as Director of Athletics at Herkimer, Tucker was also the head men's basketball coach for four seasons before becoming an Associate Dean in his final year. During the 2000-01 campaign, he was named Coach of the Year after his squad qualified for the Region III Championship for the first time in seven years, winning its first-round game.

A native of Scio, N.Y., Tucker began his collegiate career as an administrator at Jamestown-Olean Community College where he served from 1992-96. During his time there, he helped initiate the college's athletic programs and was also the Jaguars' head men's basketball coach for a year.

Tucker is a 1991 graduate of Geneseo where he earned a bachelor of science degree in business. In 1992, he earned a master's from Springfield in athletics administration. Tucker and his wife, Rhonda, have a son, Griffin, and a daughter, Haley.

MEDIA GUIDELINES

Credentials: Media and photographer credentials for events at Maryland's Field Hockey & Lacrosse Complex may be obtained by working press, radio and television by writing or calling Natalia Ciccone in the Maryland Athletic Media Relations Office, 2725 Comcast Center, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-7063. Priority is granted to members of the media who cover Maryland Athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home game. Programs containing rosters and event notes on each team will be provided for the working media.
